

Paige Maggio

Frontend Engineer | React, TypeScript, Next.js

linkedin.com/in/paigemaggio | github.com/pmaggio15 | 253-294-4205 | pmaggio15@gmail.com | paigemaggio.dev |

Experience

Frontend Engineer | Skinstric | Sep - Oct 2025 [Live Demo](#) | [GitHub Link](#)

- Built AI skin analysis web app using React and Next.js with custom responsive UI
- Integrated third-party skin analysis APIs with real-time image upload workflows and async state management
- Engineered modular component system with Tailwind CSS supporting scalable feature development
- Optimized image handling and UI rendering to achieve sub-2-second analysis experiences

Frontend Engineering Intern | Frontend Simplified | Aug - Sep 2025 [Live Demo](#) | [GitHub Link](#)

- Extended React-based analytics dashboard implementing secure routing, reusable layouts, and role-based flows
- Integrated REST APIs to fetch and render dynamic NFT data with loading states and pagination
- Built modular React components following consistent architecture and UI patterns
- Collaborated using Git workflows with feature branches, pull requests, and code reviews

Club Administrator & Tournament Director | Glacier Surf Soccer Club | Nov 2023 - Jun 2025

- Managed operations for 200+ families across 15+ teams including event coordination and communications
- Built and maintained club website for tournament registration and information
- Coordinated logistics, travel accommodations, and stakeholder communications

Head Soccer Coach | Mountain View High School | Aug 2018 - Feb 2020

- Led team to Sweet 16, first in school history; nominated Coach of Year 2018-2019
- Managed team operations, parent communications, and fundraising initiatives

Projects

NueraFlow AI | Oct - Nov 2025 [Live Demo](#) | [Github Link](#)

- Built end-to-end AI productivity platform using React and TypeScript with document summarization, task extraction, and intelligent search
- Integrated OpenAI APIs transforming unstructured text into structured, actionable outputs
- Designed async-first frontend architecture handling streaming responses and AI-driven interactions
- Deployed on Vercel with PostgreSQL database and serverless API architecture

StayMori Collection | Jun - Jul 2025 [Live Demo](#) | [GitHub Link](#)

- Built full-stack vacation booking platform with account creation, live availability checks, and end-to-end booking flows
- Implemented real-time availability filtering and date-based search preventing double bookings
- Integrated Stripe payments with secure checkout and reservation confirmation workflows
- Designed responsive UI with mobile-first approach supporting seamless booking experiences

Education

FES Institute - Frontend Simplified | Certificate | Mar - Oct 2025

- Professional frontend engineering program focused on React, TypeScript, and modern UI architecture

University of Arizona | BS, Care, Health and Society | Aug 2013 - May 2017

- NCAA Division I Varsity Soccer Athlete
- Balanced 20+ hours/week training with full academic course load
- Contributed to 2015-2016 team's Sweet 16 appearance, first in school history

Technical Skills

React • TypeScript • JavaScript • Next.js • Node.js • HTML5 • CSS3 • Tailwind CSS • GSAP • Git/GitHub • REST APIs • Vercel • Firebase • Stripe • MongoDB • Responsive Design • Component Architecture
